Disability Insurance

Like most, unless you know someone who has been disabled, you may not see the value of Disability insurance. You may think it won't happen to you, but if it does, you are vulnerable to lost income.

An injury or sickness may slow you down, but it won't slow down your monthly bills. Expenses such as house and car payments, or even daily living expenses such as groceries and gas, will still need to be paid. Disability insurance can help replace your lost income and help ensure your finances are not depleted.

Here's How It Works

You choose the maximum monthly benefit level that meets your needs. Then, if you are faced with a period of unexpected sickness or off-the-job injury, you will receive cash benefits to use as you see fit. This could include medical treatments, daily living expenses and more.

Meeting Your Needs

- You choose the monthly maximum benefit level that meets your needs
- Benefits start the first day after the elimination (waiting) period, when you are totally disabled and cannot work
- Premiums are affordable and conveniently payroll deducted
- You can take your coverage with you if you leave your job or your employer cancels coverage; refer to your certificate for details

With Allstate Benefits, you gain the power to make treatment decisions without putting your finances at risk. **Are you in Good Hands? You can be. NOW AVAILABLE FOR ALL FEDERAL AND POSTAL EMPLOYEES THROUGH PAYROLL DEDUCTION AND GUARANTEE ISSUE OPTION.**

Meet Joan

Joan is a hard worker and is very active outside of her workplace. She considers herself healthy and is still relatively young. Recently, one of her coworkers suffered a disability while at home and was unable to work, so her paycheck stopped. Joan thinks about her own situation and wonders what would happen to her finances if she suffered a disability.

Here is what weighs heavily on her mind:

- Her major medical will only pay a portion of the expenses associated with diagnosis, injury treatments and rehabilitation (if required)
- If she misses work because of an injury, she may not get paid or will receive a reduced paycheck
- She has bills, rent/mortgage, groceries and everyday living expenses she must continue to pay
- She might need to purchase special medical equipment, make needed renovations to her home or need assistance from a visiting nurse

Joan's story of injury and treatment turned into a happy ending, because she had Short Term Disability Insurance to help replace her paycheck while she was out of work.

CHOOSE

Joan purchased Short Term Disability Insurance to help protect the family's finances if she had to miss work due to a disability.

USE

Joan is painting her home when she falls from a ladder. She immediately feels sharp pain in her lower back. She visits her local emergency room to help relieve her pain.

Here's Joan's treatment path:

- Joan visits the emergency room and the doctors recommend she meet with a neurosurgeon
- The neurosurgeon diagnoses Joan with a torn disc
- Joan's doctor schedules surgery and informs her the recovery period will last six to eight weeks
- Joan files her Short Term Disability claim online
- Joan undergoes surgery and is released from the hospital to recover for six to eight weeks
- She visits her doctor during her recovery

Joan received a monthly cash benefit while she was unable to work, which helped her continue to meet all her financial obligations.

CLAIM

In addition to her medical coverage, Joan's Short Term Disability Insurance provided the following benefit:
