Protection for hospital stays when a sickness or injury occurs

Hospital Indemnity Insurance

Life is unpredictable. Without any warning, an illness or injury can lead to a hospital confinement and medical procedures and/or visits, which may mean costly out-of-pocket expenses.

Expenses associated with a hospital stay can be financially difficult if money is tight and you are not prepared. But having the right coverage in place before you experience a sickness or injury can help eliminate your financial concerns and provide support at a time when it is needed most.

Allstate Benefits offers a solution to help you protect your income and empower you to seek treatment.

Here's How It Works

Our Hospital Indemnity insurance pays a cash benefit for hospital confinements. This benefit is payable directly to you unless assigned, and can keep you from withdrawing money from your personal bank account or your Health Savings Account (HSA) for hospital-related expenses. It is increasingly important to not only protect your finances if faced with an unexpected illness, but also to empower yourself to seek the necessary treatment.

Meeting Your Needs
